

Accelerated MBA with Accounting Emphasis – for students matriculating Summer 2017

MBA Foundations Courses (2 credits each)

All candidates are required to have satisfied the Foundations Course requirements either by taking the courses listed below or equivalents:

MBA 550 Foundations of Management (AC undergrad MGT 100)

MBA 551 Foundations of Marketing (AC undergrad MKT 101)

MBA 552 Foundations of Accounting (average of AC undergrad ACC 125 & 126)

MBA 553 Foundations of Finance (AC undergrad ECO 325)

MBA 554 Foundations of Economics (average of AC undergrad ECO 110 & 111)

MBA 555 Foundations of Statistics (AC undergrad ECO 115)

The Foundations Courses are in addition to the 36 credits required to complete the MBA degree. These requirements may be satisfied in the following ways:

- (1) successful prior undergraduate performance (a grade B- or better),
- (2) successful completion of the equivalent course at the undergraduate level as a post-graduate,
- (3) a satisfactory score on a CLEP or Challenge Exam (see below), or
- (4) successful completion of the courses (MBA 550-556) in the program.

The MBA Director or a designee will determine if any of the Foundations requirements will be waived based on the candidate's prior education.

CLEP and Challenge Exams

Any student seeking waiver of a Foundations Course on the basis of a College Level Equivalency Program (CLEP) or Challenge Exam must have the results of such exam reported to the MBA Director before enrolling in any MBA course requiring the course as a prerequisite. Challenge Exams are administered by the Assumption faculty (Fee = \$75).

Note: Assumption undergraduate students can apply to take 2 MBA courses during their senior year with permission of the MBA Director.
